# Addition Table Challenge

For this game you will need:

1 deck of cards with the face cards and 10's removed

Tokens such as buttons, coins, beans or flat marbles

1 completed addition table gameboard

Directions:

Place the deck of cards between both players.

Each player takes turns turning over 2 cards. These 2 cards are added together and a token is placed on the sum.

The first with three tokens in a row wins! The tokens may be across, up and down or diagonal.

Have fun with those math facts!!!
