

Dear Family,

Please take a moment to talk with your first grader about special traditions in your family. Then, have your child write about and illustrate a special tradition that your family celebrates. Please have your child do the writing in pencil and create the illustration with crayons.

On Friday, your student will share this page with the class during Show and Tell. Your child may also bring photos or artifacts that represent this special family tradition. Later, the pages will be put together to make a special class book. Thanks for helping us learn more about families.

Happy celebrating,
Mrs. McDowell
